

JMP 7 and Genomics Renewal Instructions for Windows

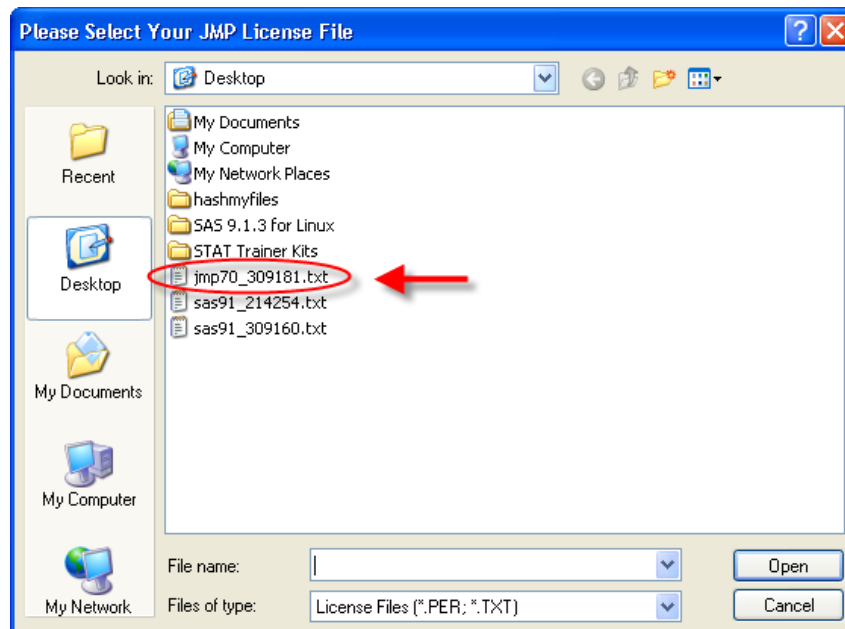

The Genomics license will be updated when JMP is updated.

1) When “JMP: Renew Your JMP License” window is prompted, open your web browser and go to the following site. Click on “Licenses” located on the right side of the screen.
<http://sas.ncsu.edu/products/index.php>

2) After filling out the required information choose JMP 7 for windows and then submit. Download and save the new license by clicking link "JMP 7.0.x for Windows". Keep track of where it is being saved to as you will need to browse to it in the next step.

3) Click "Open License" in the “JMP: Renew Your JMP License” Window. Browse to the new license (jmp7_30####.txt) with the JMP update wizard and click open.

4) You will be presented with the "JMP: Personalize Your JMP License" window. If you would like, you can enter your name and department. Otherwise, you can click OK.

5) You may be presented with a "Save License As" window. You will need to save the JMP.txt file in the Program Files\SAS\JMP7 folder. Congratulations, you have updated your JMP 7 License!

You can update your license before it expires. Start JMP 7, open a script window (from the menus: File ? New ? Script) and type the following into the script window:

```
renew license();
```

Then start at step 1
